

Product Card

Ref.HPS-10

Thread through strip

Connection capacity: 2 x 10 mm²

Voltage: 500 V

Temperature: 110°C

Intensity: 57 A

Tightening torque: 1.2 Nm

Metric: M 6

Technical data:

- Execution in 12 poles, easily divisible without using tools.
- Screw integrated in the cover to reduce the connection time.
- Tightening of guided screw.
- Possibility of fixing by screw.
