

Derancourt PAD 20-20B Cable Sheath Stripping Pliers

Derancourt PAD 20-20B cable sheath stripping pliers are designed for the longitudinal and circumferential cutting of the outer sheaths of both LV and MV cables.

These cable sheath strippers include four circular cutting blades which meet at 90° around the cable, as well as one longitudinal blade and roller guide.

PAD 20-20B plier properties:

- ✓ Cable diameter range: 20.0-54.0mm
- ✓ Circumferential cutting depth: 2.0mm
- ✓ Longitudinal cutting depth: 2.0mm
