

# SM-40 Insulated terminal

Size deviation!

Note: resin mater on the product, easy to damaged!

## SM- 40 Insulatedn terminal

Insert (insert)	
Nut specification	M8
Depth of tapped hole	10.5 mm
Nut material	Copper
Intensity	
Axial tension	3000 N
Bending resistance	5000 N
Tightening torque	15 N/m

Insulating Performance	
Insulating resistance	1000 mΩ
Electric Propertie	
Operating voltage	600V
Pulse voltage	5000v
Leakage current is at	< 1mA
2000 working voltage	

The above data is for reference only !
