

3SL36 - Residential, Tertiary and Industrial

- Breaking capacity : 6kA
- voltage: 240 / 415V AC
- International Standards IEC61008-1
- Local fault indication
- Cable Connection capacity 35 mm²
- Dimensions: 1 module per pole (18 mm)
- Classes and employment:
 - AC = Leaks in AC. Residential, tertiary and industrial.
 - A = Leakage in AC and DC pulsating. Superimmunized. Tertiary and industrial.
