

ST-M15-5/6 Type Float Level Switch Controller

◎ Simple Construction, reliable performance:

The product can output stable and reliable switch control signal of "making", "breaking" without any fault action, so its reliability is very high and anti-interference is strong.

◎ Sturdy and durable, need not maintain:

The product can be used for a long time after it being installed. Almost no maintenance and repairing problem would occur during its operation period.

◎ Easy to install and convenient to adjust:

The liquid level control scope can be adjusted at will with the locating piece moving up and down. Only one screw is needed to fasten the signal cable to finish installation.

◎ Wide application range and strong generality:

The product can be used to the level of sewage, acid-base solution of less than medium concentration, oils and situations requiring no pollution, diesel oil gasification kitchen range, as well as automatic fuel feeding.

◎ Basic Parameter:

1. Rated Voltage: 220VAC
2. Rated Current: 10A
3. Rated Frequency: 50HZ
4. Power Consumption: < 1.5 KW
